# FUN WITH SHAPES EXERCISE INSTRUCTIONS

## You will need:

Sheets of White or Colored Construction Paper  
Scissors  
Paper plates  
Glue or Glue Stick  
Crayons, Markers, or Pencils

The following projects are meant to be completed in a sequence of increasing difficulty. Completed project illustrations on the exercise sheet are printed small to conserve space.

## Instructions:

Cut along the dashed lines. Arrange cut out shapes on any color paper you wish using the illustration as a guide. Glue shapes onto the paper. Follow any additional instructions found on the exercise sheet. For example, some projects may require coloring, tracing, and drawing.

## Optional supplies:

Straws  
Glitter  
Leaves  
Branches  
Googly eyes

## Note:

All of the exercises can be substituted with construction paper instead of printer paper. Teachers can draw outlines of the shapes.

Cut out the shapes out of any color construction paper you choose. Add any elements you choose.
